Indirapuram Public School believes in the holistic growth of a child and reading plays a significant role in holistic development. Newspaper reading is one of the useful activities as it helps improve writing and reading skills with enhanced vocabulary. Mind-Games like sudoku, puzzles, riddles, tongue twisters, etc. help children improve their critical thinking skills along with engaging them constructively.

We are pleased to inform you that this year once again the collaboration with the Times of India and the Hindustan Times for the student's edition continues. The information given in the students' edition is helpful in classroom discussions thus making it relevant and current. It helps them face today's challenges, making a way for global citizens and developing writing and reading skills.

We personally encourage each and every child to have this wonderful habit of reading the students edition of the newspapers of good repute regularly.
