Dear Parents/Guardian,

Subject: Expansion of the social media team of students – reg.

Indirapuram Public School, Indirapuram is expanding its Social Media team which is exclusively run by the students under the guidance of the school teacher mentors.

The Digital Era today demands a student to be not only tech savvy but App savvy too. The judicious use of social media enables our students to match the pace of learning with the changing times. Its disciplined usage serves as a useful tool for their unmatched success, thereby providing an internship opportunity for all digital enthusiasts.

Under this team, the students will get to learn the new age skills of social media management, brushing up on their technical skills, digital engagement, an opportunity to work in a professional manner and an exposure to represent school digitally. This team is also responsible for managing all the official social media portals of the school.
